

## **A regular day in Särna Winter – also follow Facebook page “Visit Särna, Dalarna, Sweden”**

### **Cost nothing:**

**The views:** So awesome to look at!!! Looking around, you can see the mountains like the backdrop of a theatre curtain... and just imagine how much tranquility spreads all year around for us that lives here!

Hey, you can live here too! Welcome!!!

Most interesting is our wooden church, **Särna Gammelkyrka**, built 1684. The church is only open during the summer however it is definitely a must to see!

Located on Hammargårdsvägen; the road that leads down between the New Church and the gas station.

Next door lays our **Heritage Farm** which gives you an idea how it was a long time ago. Buildings from the 1600, 1700 can be viewed. It was moved from Särnaheden and officially opened 1946.

**Lomkällan, an outdoor museum**, located outside the village on your way towards Idre and Röros. While driving, look to the left and the right before you get there and you might be able to see **Skansen**, a historic site from World War II. Big stones in a perfect line were put there to stop any military invasion of tanks and there are cement hideout in the woods. The museum, exhibitions and cafeteria are open during June 1 – September 30.

**Skate rink:** Bring your own skates and skate anytime, maybe find friends and a “real” game!

**Walk** around the lake – about 8,5 km. The two bridges connect the dots and if you are lucky you might even see a deer, a fox and lots of birds. Maybe even a moose...

**Walk** along the old railroad tracks – continue the circle around “Åsarna” – Åsvägen, for a bigger loop coming down the street of Starrbacksvägen!

**Public Library** - open Tuesday 12 noon – 3 pm, 4 pm -7 pm & Thursday 10 am -12 noon, 3 pm-6 pm.

The Reading Room has magazines and newspapers – Open same hours as The County Office next door.

**Fulufjällets naturum** - Open hours at the naturum, Fulufjället's Nat'l Park;

**Important you need a license to fish!** Please note there are two licenses for the area so make sure you get the right kind for where you want to fish!

You can also get the license at the “Presentshopen” and the “SärnaAffärn” – together with the maggots!
